

BIG WORD

READ THE STORY AND CIRCLE THE WORDS FROM THE BIG WORD HIDDEN, IN ORDER, WITHIN IT.

There were two men who lived side by side on Sunshine street. One man had a blue house and the other man painted his bright orange. The interesting thing wasn't so much what the colours of the houses were, but what foundation they were built on. We love to live near the ocean and look out on the waves. However, do you know what foundation is best for a house? One that is solid! The man with the blue house built his house on the rock. The man had one Son and two daughters, this house would stand the test of time and his children would enjoy it for many years to come. God wants us to build our lives on a solid foundation. What foundation has the man with the orange house built upon? The storms come, and he finds that the sandy foundation gives way! He has given no solid foundation for his house. What does this tell us? Our understanding of God's word and living by His wisdom so that we can face storms and stay standing! Do you know the true God? There is only 1 place to build our lives. For you, for me, for Katie and for John, no matter what your name is! Any time of day 5:20am or 3:00pm, always build on the Rock, God's wisdom is the foundation for our lives.

"And we know that the Son of God has come, and he has given us understanding so that we can know the true God." 1 John 5:20a (NLT)
